RESUME & PROJECTS

DARYL DISU

CAMERAMAN/VIDEOGRAPHER | IT STUDENT

ABOUT ME

I am an Information Technology student with a background in Architecture and a strong interest in videography and digital media production. I have experience operating smartphone, DSLR, and drone cameras for travel and tourism content. I am eager to apply my technical and creative skills in a professional environment while continuing to grow as a Cameraman and Videographer.

OBJECTIVES

To obtain an entry-level Cameraman/Videographer position where I can apply my skills in camera operation, visual storytelling, and digital media production while utilizing my technical background in Information Technology. I aim to contribute to high-quality media content, gain valuable industry experience, and continue developing my professional skills in video production and broadcasting.

Education

Bachelor of Science in Architecture

University of Baguio

2022 - 2024

Bachelor of Science in Information Technology

Baguio College of Technology

2024 - Present

PROJECTS

Northern Adventures: Exploring the North, Episode 3 – Mt. Kalugong and Valley Wood

Videographer

- Recorded travel and tourism footage using DSLR camera and smartphone.
- Captured landscape views, visitor activities, and key points of interest.
- Assisted in creating engaging visual content through effective camera techniques.
- Organized and managed recorded media files for production purposes.

Northern Adventures: Exploring the North, Episode 27 – Living Gifts Nursery

Videographer

- Operated DSLR camera, smartphone, and drone for video production.
- Captured plant nursery facilities, products, and surrounding scenery.
- Produced visual content highlighting local tourism and community businesses.
- Collaborated in documenting locations through ground and aerial footage

Northern Adventures: Exploring the North, Episode 33 – Agoo Eco Park

Videographer

- Captured video footage using DSLR camera, smartphone and drone.
- Recorded scenic landscapes, attractions and environmental features of Agoo Eco Park.
- Assisted in shot planning and content creation for travel and tourism promotion.
- Applied proper framing, composition and aerial videography techniques.
